

Databazaar Group – Profile

Founded in 1999 by current CEO Oney Seal, the US-headquartered Databazaar group of companies consists of Databazaar.com in USA, Databazaar India and Databazaar Hong Kong. With current group turnover in excess of USD 75 million (INR 360 crore), Databazaar is a market leader in multiple, synergistic yet diverse, business verticals --- internet retail, global distribution of technology products, software development, legal process outsourcing, business analytics and entertainment media.

The group’s flagship company Databazaar.com is an Internet Retailer 500 company and ranked as the 5th largest internet retailer in its industry. Industry watchdog ConsumerWebWatch along with the Wall Street Journal has consistently ranked Databazaar.com as one of ‘America’s 75 Praiseworthy Companies’. Consumer rating agency BizRate, has over the last 6 years consistently awarded Databazaar.com the Gold Circle of Excellence Award for being one of America’s top internet retailers in customer service.

Databazaar’s global distribution facility located in Miami, serves customers in 27 countries around the world and the group’s technology products distribution business is a market leader among USA’s computer supplies distributors. While Databazaar Hong Kong provides the group’s companies with global product-sourcing support, Databazaar India serves as the captive outsourcing unit in the areas of e-commerce development, supply-chain management and customer support. Databazaar India, under the banner Databazaar.biz, also houses the group’s LPO, Analytics and Software verticals.
